

MainWindow::on_gantryDown
Button_pressed

```
graph LR; A["MainWindow::on_gantryDown  
Button_pressed"] --> B["SerialComms::sendData"]
```

A diagram showing a call from the function `MainWindow::on_gantryDown Button_pressed` to the function `SerialComms::sendData`. The first function is in a grey box, and the second is in a white box. A blue arrow points from the first box to the second.

SerialComms::sendData
