

SerialComms::getComPorts  
Enums

```
graph LR; A[SerialComms::getComPorts  
Enums] --> B[PortsClass::setBusyState]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is white with a red border and contains the text 'SerialComms::getComPorts' on the top line and 'Enums' on the bottom line. The right box is gray with a black border and contains the text 'PortsClass::setBusyState'. A dark blue arrow points from the right side of the left box to the left side of the right box.

PortsClass::setBusyState
